

## SPORT PREMIUM FUNDING

Sports Premium Allocation In April 2013, the Department for Education announced new funding of £150 million to support the delivery of PE and school sport. Funding was allocated to all state-maintained secondary, primary, middle and special schools. Our school received £16,000 plus £10 per pupil to improve and enhance the quality of PE and Sport in school. In the academic year 2017 - 2018, the funding of £17,460 was used in the following ways:

Activity / Initiative	Cost	Impact
Chelmsford School Sports Partnership membership	£648	This allows many of our children to attend level 2 competition either individually, in a group/team or as a whole year group. It provides regular and relevant training and information about sport and PE, and opportunities to share good practice with staff from other schools.
Premier Sports team coaching sessions with class teachers and MDA training.	£11,530	We are fortunate to have Premier Sports to work alongside us, teaching the majority of the PE in school. Team coaching sessions ensure that class teachers are not deskilled in teaching of PE, but instead can gain ideas and skills as well as being more aware of the needs and abilities of the children in their classes. It is also beneficial for the children as they enjoy their teachers getting involved in sport.
Sports clubs	£2,270	Although we have some clubs by Premier Sports that are paid for by the parents, they also run our football club and additional clubs with teams/groups preparing for competitions. Using Premier Sports allows the children to receive quality coaching and excellent support at competitions and fixtures.
Stay Active – Premier Sports coaches provided lunch time provision.	£1,710	Coaches provide enjoyable lunch time activities that get more children being active and using the skills they learn in PE sessions. The coaches have great relationships with the children so are an effective addition to the lunch time team. Lunch time behaviour has also improved as a result of this.
New equipment and competition costumes.	£1,766	We have purchased relevant and appropriate equipment to support the teaching of PE and for use at competitions. Regular feedback from coaches ensures that we have what is needed.
Transport to and from competitions.	£175	Funding for transport is important for us getting children to and from competitions, although we are lucky to have parents who are willing to take and collect children to/from team games and individual events.

In the academic year 2018-2019, many of the above initiatives will continue. Other ways we intend to spend the money are as follows:

Activity / Initiative	Cost	Impact
Trim Trail	£11,050	A rubber bonded track will be installed around the perimeter of the school field and children will be able to take part in the Daily Mile initiative.
New goal posts	£1,200	New goal posts to be purchased for the school field
